When The Magick Works

Finding A Job

This book can work for you whether you are unemployed, seeking a promotion or looking for a completely new job that's better than your old job.

Magick can make the difference between getting what you want, and the familiar struggle.

As soon as *Magickal Cashbook* was published I discovered that lots of people wanted more than a quick bag of cash. They wanted a job. I've received countless emails from people telling me that they *did* get the money they wanted, but now they want a job. For those who

have a job, many want a new job or a promotion.

It's great to get an unexpected rush of money, but for so many people, a regular job that pays well counts more in the long run. With the help of my group, I've been working on books that cover various aspects of success, including career and wealth-building, but I've found out that for so many people, the urgent need in the modern world is much simpler. They just want a new job.

The solution is a book that shows you how to use magick to get a job. This book is aimed at the unemployed, and those seeking a change of employment.

Some of the best people I know got together during the past few weeks, and refined a magickal process that helps you to get the job you want. I'm the most successful writer in the group, so I'm always the one that shares the information.

I could give this book away free, but I have found that magick works best when there is some sort of trade, deal or pact in place. I'm making it as cheap as possible, because I know some people will not be able to afford much more.

One of the difficulties I find when writing books of this kind is that

they are meant to be useful to experienced occultists, but they are designed for beginners. I know that many beginners will not be familiar with banishings, will fall asleep at the mention of correspondences or planetary hours, and would rather I gave them a simple spell than a complex ritual. As such, the magick has to be simplified to the point where it will work safely, whatever your level of experience.

Magick can not be made too simple, but nor should it be inaccessible. What we've developed here is the best magickal approach I know for securing a job.

I can't create more jobs and I can't change the economy, but I want to put a powerful magickal system in your hands.

A job can be worth millions of dollars to you over the years, so this should be an investment that pays off.

The Steps To Success

With magick it is important to work in small steps. This is one of the greatest secrets of magick. If you have a goal, do not perform magick for that final goal, but break it down into many smaller goals. So, if you want to be a world-class soccer player, start with rituals that get you accepted into a good local team. Work on rituals that improve your skills. Use magick to make you appealing to teams and managers. And in this way, you gradually build to your dream.

When it comes to job-seeking magick this means that you shouldn't aim for impossible jobs. Aim for something that

seems just out of reach to you at the moment, rather than something that seems absurd. If you aim for something that is just out of reach, you can get there.

I am not suggesting you limit your dreams. You should dream big, but I know that people often hope magick will make everything change in an instant. Magick works by shifting the odds and ordering coincidences in your favor. It can change your life, but don't expect to be offered the top job at a company you've never worked at. Break your dream down into stages and you will get there faster than you ever thought possible.

It's only fair to warn you that magick is just one factor in any given situation, and there are many other forces at work, and much competition. But magick is a powerful factor. It will make it easier for you to find work, prepare well, appeal to employers, impress them at interview and work on their minds while they sleep. In short, it can get you the job.

At the same time, you must do all the hard work you can in the real world. If you perform this magick and wait for somebody to employ you, or hope a promotion will appear on your desk, you're wasting your time.

Magick works best when you put in as much effort as you're asking these angelic forces to put in to the working. That means you must look for work, prepare properly for interview, dress well and genuinely work to be the best person for the job. If you do that, magick will take your efforts a long, long way.

The magickal seals in this book have been created by combining ancient secrets with modern magickal technology and give you near-instant access to angelic and spiritual powers.

This book is much shorter than my other books, so that it can be made available

cheaply. If you have concerns about the safety of the magick, or questions about why it works, please read the other books, or look at the FAQ on my website:

The Magickal Mindset

It's important to get into a slightly altered state of consciousness before each ritual.

Sit in a quiet place where you won't be disturbed and say the words ANKAR YODE HAY VAW HAY over and over until you feel a sense of calm come over you. If you feel nothing, don't worry, just stay relaxed and move onto the next step.

Imagine the sun. Imagine it as a vast ball of heat and flame, but then see it shrinking, so that in moments it becomes a star. As the sun shrinks, it moves

inside your heart and resides there. Imagine this tiny pinprick of light within your heart, containing all the massive power and heat of the sun.

Don't worry if your imagination is not perfectly clear. All you need to do is imagine that the sun has shrunk and is now a tiny star in your heart.

You are now prepared to perform any of the following rituals.

Do not worry about getting everything right, or pronouncing everything perfectly. This is a robust system that responds to your desire. Where Latin, or other languages are used, I put the phonetic version in parenthesis. So if you see, 'Deus ad virtutem', it will be

followed by (DAY-USS ADD VURT-YOU-TEM), which is what you actually say.

Be aware that Latin can be pronounced in many different ways, but I employ the services of a professor who gives me a good compromise between ease-of-use and accuracy. What you say will work just fine.

Be assured that when you call the spirits, using their name and sigil, they can hear you. You don't need to print the sigils or copy them from this book. The electronic versions are all you need.

When the ritual is finished close this

book down and go about your day as you normally would. If you find that you keep thinking about the magick, distract yourself by eating, running or doing some other psychical activity.

It is vital that you don't lust for results. You have handed your request over to the spirits, so do not hassle and annoy them by worrying and pondering and checking up on them. Don't keep checking your voicemail or email to see if the job offer is in, because it makes you seem insecure.

At the same time, you must put in all the effort you can in the real world. The spirits will meet you half way. Look for

suitable jobs all the time, prepare well, perform at your best and you will get what you are seeking.

Perform no more than one ritual a day, unless you have to (because an interview comes up suddenly, for example.) You can perform each ritual once, or keep repeating it as you go about your job hunting. There is no set rule or obligation, so just perform the rituals when it feels like your job seeking needs a boost.

To Discover New Jobs and Make Your Talents Known

Invoke the power of Aniel

Stare at the sigil for a few moments and consider that you will soon find jobs that appeal to you and that make the most of your talents. Know that the power of Aniel will make you appear wiser than others around you.

אָנָּי אָלָּ

Then say, 'Deus ad virtutem converte
nos et ostende faciem tuam et salvi
erimus.' (DAY-USS ADD VURT-YOU-
TEM CON-VER-TAY NOSS ET OST-

END-AY FAK-EE-EM TWO-AM ET
SAL-VEE ERI-MUSS)

Speak to Aniel, saying, 'Oh great spirit Aniel (AH-KNEE-ALE), reveal to me the work that I love to do, guide me to use my talents and let me appear wise to those who would employ me.'

Chant the word 'Abda (ABB-DAR), while looking at this sigil for at least two minutes. Allow yourself to feel grateful that you found the work you wanted (as though it has already happened).

To Increase Your Appeal To Employers

Invoke the power of Vehuel.

Stare at the sigil for a few moments and consider that all who meet you will admire you. Know that the power of Vehuel will make your talents and virtues known so that you stand out from the crowd.

מְלֹא כָּל־הָאָרֶץ
בְּרוּךְ הוּא

Then say, 'Magnus Dominus et
laudabilis nimis et magnitudinia ejus non
est finis.' (MAG-NUS DOM-IN-US ET
LORD-AB-ILL-IS NIM-IS ET MAG-

NIT-YOU-DIN-EE-AH EE-JUS NONE
EST FIN-EE)

Speak to Vehuel, saying, 'Oh great spirit Vehuel (VAY-YOU-ALE), make my talents known, and make my personality shine so that all who meet me are drawn to work with me.'

Chant the word 'Mara' (MAH-RAH), while looking at this sigil for at least two minutes. Think of nothing other than the sound you are making. If you find yourself thinking about the job you want, simply be grateful that you got the job (as though it has already happened).

To Win A Job

Invoke the power of Poiel

Stare at the sigil for a few moments and consider that your talent and personality will win you the job you seek. Know that in any interview situation you will be well-liked.

פֹוִיאַל

Then say, 'Allevat Dominus
omnes qui corrunt et origit
omnes elisos.' (AL-EE-VAT

DOM-IN-US OM-NAYS KEY
CORE-UNT ET ORI-JIT OM-
NAYS ELI-SOS)

Speak to Poiel, saying, 'Oh great spirit Poiel (POH-EE-ALE), give me esteem and fortune to obtain the job I desire.'

Chant the word 'Illi' (ILL-EE), while looking at this sigil for at least two minutes. Think of nothing other than the sound you are making. If you are seeking several jobs, simply enjoy the feeling of having been given a job you love (without being too specific.)

On The Day of Your Interview

On day of your interview invoke the power Torquaret. No sigil is required for this ritual.

What follows is very similar to a ritual in *Magickal Seduction*, but here it has been modified to make you seem appealing and persuasive to your audience. You will appear to be performing well and answering the questions correctly during your interview.

In a quiet space, sit or stand facing East, and repeat the phrase:

ANKAR YODE HAY VAW HAY

Repeat this phrase until you feel that you are beginning to relax, and that your mind is entering a trance-like state. You don't need to be out of your mind - just let yourself relax into a magickal state of mind as you say these words. When you feel ready, call on the spirit Arzel by saying the following three times:

Kosu harim silah va'anafeha arz-ale.
(KOH-SUE HAR-IM SIL-AH VA-ANNA-FEHA ARZ-ALE)

You may feel Arzel's presence on the first call. You may sense a bright white light, or smell the scent of trees, or hear

pleasant, calming noises. If you don't feel much, don't worry - Arzel is listening. Arzel comes when called and is working for you to help the rest of the ritual.

Now say, 'I call on thee, mighty Arzel (ARZ-ALE), to assist me with this work of magick. Mighty Torquaret (TORE-KOO-ARE-ET), know that I require and command thee to give me the power to persuade and enchant those who interview me. Impress those that I speak to at all times. I command thee with the words: AH-GAH-LAH-OH-TEE-MEE-TIE.'

Feel a brief Thank You, directed

towards the angel Torquaret, and to the spirit of Arzel who has overseen the operation. These spirits are powerful but they came because you called, and because it is their duty to serve those who call them, so do not beg, worship or pray to them. Thank them politely, and know that they are dismissed and leaving you now to do the work as they have been instructed.

To Increase Your Chance of Success

When you return home from any job interview, invoke the power of Farris to make your work more likely to succeed.

Ideally, you should perform this ritual about an hour after sunset.

Stare at the sigil for a few moments and consider that your success is assured, and that any job you could benefit from can be yours.

Then say, 'Incedentes adversum me nunc
circumdederunt me oculos suos
posuerunt declinare in terram' (INK-
ED-ENT-ES AD-VERSE-UM

MAY NUNK SIRK-UM-
DEAD-AIR-UNT MAY OC-
YOU-LOSS SUE-OS POSS-
YOU-AIR-UNT DECK-LIN-
ARE IN TER-AM.)

Speak to Farris, saying, 'Oh great spirit Farris (FAR-REES), ensure the success of my work.' Speak with sincerity and repeat this three times.

The process that follows is a little different to the ones that have gone before. Continue to gaze at the sigil and know that Farris is listening but ask yourself the following questions. After you ask each question, just ponder for a moment, as though you actually have the

job, and wonder how it all went so well. Do not actually try to answer the questions.

These are the questions you should ponder:

Why did I prepare so well for this job?

Why are my talents so perfect for this job?

Why was it so easy for me to get the job I wanted?

Why did they love me at the interview?

Why did they offer me the job?

After a moment, thank Farris silently, put the book aside and do something that distracts you from thoughts about your job.

Letting Go of Results

When you perform a ritual, you are asking for another power to do some of the work for you. You are handing the task over to various spirits and powers, and you should think of it in this way. Trust that these forces will go to work for you. The best way to show your trust is to forget about your magick. Keep working at job seeking, but don't worry about whether you'll get a particular job. Just assume it's all under control and it's only a matter of time. This gives you enormous power.

The spirits will do what you ask, so show your trust by letting go of your lust

for result. Feel grateful that the result will come about and that is all you need to do.

This can be a tricky mental balancing act, but it is the one you must master for magick to work. If you have difficulty with this, remember the questions that came after you summoned Farris. Go to a quiet place, and rather than worrying about what job you might get, sit and imagine you've got the job.

When we actually get something we really want, we often ponder how we got there, without seeking a genuine answer. When I earned my pilot's license, I spent several days saying to

myself, ‘How on earth did I manage that? Why was I able to learn to do such good landings?’ And yet I was never really looking for an answer. The act of asking is an acknowledgement that a dream has come true.

So if you find yourself worrying, then just sit and pretend you already have the job and ask yourself, ‘How did I managed that?’ and lots of other similar questions, just as though it’s already happened. You’ll find this generates lots of pleasant feelings, and is better than worrying about magickal results.

The sooner you stop worrying and waiting, the faster the results come. This

trust in magick can take time to develop, but it is the best way to get results fast. Act as though the results don't really matter, as though something will come along anyway sooner or later and you set extremely powerful wheels in motion.

When The Magick Works

Be careful what you wish for. Magick works, and if you perform a ritual to get a job you don't really want, you may be stuck with that job for a while. Of course, you can use the magick all over again to change jobs, but try to be wise from the outset.

If you are simply desperate to get employment, then of course any job will do, but even then, try to find something that appeals to you, so that you're not merely a wage slave.

If you are desperate for a quick burst of cash then have a look at the *Magickal*

Cashbook, which costs just a few dollars and could get you enough money for a new suit for your interview.

If you want to ramp up the power of the rituals in this book, you could also check out *Adventures In Sex Magick*, but be warned that it's not a book for the timid, and contains some pretty extreme ideas. But it certainly adds power to all your magick.
